

Domayne

King Koil Positano

Feel cosy, comfortable, and supported on a Positano mattress. Experience breathable, pressure relieving comfort while the Reflex® Max support system utilises advanced spring technology to dynamically respond to your weight and shape.

Features:

- Tencel is a natural fibre, derived from eucalyptus trees. It naturally absorbs and wicks away moisture for a balanced sleeping environment.
- Featuring our Aerocomfort comfort technology to provide you with breathable, pressure-relieving comfort that is more resilient to body signatures.
- Gel Infused Memory Foam which conforms to your body helping to relieve pressure that can cause tossing and turning, with the added benefit of cool to touch gel.
- The Reflex® Max support system utilises our advanced Variable Response Springs (VRS), which feature additional turns at the top of the spring to dynamically respond to your weight and shape to provide greater conforming comfort.
